

## TFD35 Double Scissor Lift Table 350kg

TFD35 is a double scissor lift table with a 350kg capacity.

This popular table has a maximum lifting height of 1.30m and the table top size is 910x500mm.

It is raised for a foot operated level to the desired height and then can be lowered using a the hand control.

Lift tables have multiple uses, such as feeding tables on an assembling line, moving rack servers or for raising a load to a more suitable working height. TUV/GS Approved.
