

## Galvanised Hand Pallet Truck

ACZ25A is a Galvanised Anti-Corrosive Hand Pallet Truck with a 2000kg Capacity

It is most commonly used for carrying meat, chemicals, sea products, wine, beverages etc. It works well in low temperatures, such as delivering goods in and out of freezers/coolers.

All the exposed metal parts of the truck are galvanised, including the hydraulic pump, fork frame, handle etc.

Nylon steering wheels and fork rollers are supplied as standard for the damp and harsh environments.
