Weight	218kg

## HS0809 - High Lift Pallet Truck

The HS0809 features a higher than average 900mm lift height.

It has a 800kg lift capacity and is designed for open bottom pallets. Dimensions across the forks are 540x1140mm.

The HS0809 come fitted with Nylon Wheels and has locking rear wheels. It's design also means it can be used like a small stacker, where sizes allow, this may for example include loading a pallet into the back of a vehicle.

The HS0809 is designed like a manual stacker truck, so not only can it lift a load, but it can move the lifted load.

A tilting version of this popular unit is also available - Please look for our model HST0809

We provide a nationwide 2-3 day delivery service with next day delivery available on request.  
All of our products come with a twelve limited month warranty
