GAP BETWEEN THE FORKS	225mm
POWER SUPPLY	4 x AA 1.5v

HP-ESR-P Weigh Scale Pallet Truck with Printer

A pallet truck with scale offers a 2 in one solution, weighing and moving the cargo at the same time - this operation saves time and improves efficiency.

It allows you to weigh the cargo you want, where you want. The built-in printer also allows you to take a hard copy record of the weight.

This high quality weighing scale truck has a 2000kg capacity but readout it just 1kg increments/steps.

The dimensions across the forks are 555x1150mm, which means it can weigh almost all of the common pallet sizes.

The weigh scale head has a keypad and features an automatic tare function, whilst the LCD display shows all the weighing measurements clearly, with good viewing angles.

Powered by 4 x AA batteries.

This pallet truck scale can also weigh in pounds (lbs) or kilograms (kg).

We provide a nationwide 2-3 day delivery service with next day delivery available on request.
All of our products come with a twelve limited month warranty
