Overall Length	1480mm
Overall Height	2020mm
Diameter of Front Wheel	80mm
Diameter of Rear Wheel	150mm
Weight	385kg

SFH1030A Straddle Stackers

with 3.0 metre lift and upto 1000kg capacity

Manual Straddle Stackers are designed to straddle the pallet / skid, thus allowing users to lift both open and bottom style pallets.

The SFH1030A is constructed from a robust steel construction, whilst lifting and lowering functions are controlled by foot and hand controls.

Straddle stackers offer an economical solution for lifting pallets skids and dies

They are smaller than a standard forklift truck, but cost much less and you require no license in order to operate them.

This straddle stacker truck comes with adjustable forks - both inner and outer, making this unit even more versatile.

We provide a nationwide 2-3 day delivery service with next day delivery available on request.
All of our products come with a twelve limited month warranty
