The HST0809 is a tilting version of our HS0809 high lift pallet truck. It also features a higher than normal 900mm lift height.

It has a 800kg lift capacity and it is designed for open bottom pallets. Dimensions across the forks are 540x1140mm.

This tiltable high lift pallet trucks comes fitted with Nylon Wheels and also has lockable rear wheels.

It's unique design, similar to a small stacker truck and not of the normal scissor section, means it can often be used for other applications such as loading into the back of a vehicle. (please check dimensions first).

In tilting mode, for instance emptying a cage of products - A 600kg load can be tilted 20° and a 400kg load can be tilted 40°

We provide a nationwide 2-3 day delivery service with next day delivery available on request.
All of our products come with a twelve limited month warranty
