Net Weight	98kg

SAC-W-540x1150 Weighing Scale Pallet Truck

Weighing Scale Pallet Trucks are a useful and valuable asset to aid efficiency in a warehouse.

A weigh scale truck can be taken to the load, which reduces the number of operations required.

With 2000kg capacity and 1kg steps/increments, these units are far more accurate than the normal check-weigh pallet trucks.

The unit features a tare facility, Large LCD display and it is powered by a Mains rechargeable battery (Charger included).

Weighs in Pounds or Kilograms.

Double PU Rollers front and rear
