DF25A 540x1150 Pallet Truck

The DF25A pallet truck is a 2500kg capacity truck which has across fork dimensions of 540x1150mm, the most common pallet truck size, normally used for lifting the most common Euro pallets, but can also pick up the most of the larger pallets.

The DF series of pallet trucks is a professional and ideal storage aid for manual transport tasks over short distances in stores and warehouses, as well as factory plants.

German standard Wagner painting system ensures best powder coating and painting quality.

All pivot points are greased ensuring excellent maneuverability with effortless steering. The chromed bearing bushes and joints ensure quiet running properties and particularly long service life

Additional entry and exit fork rollers help ensure smooth loading and unload of pallets.

Conforms to EN 1757-2
