540x1500mm Pallet Truck

This pallet truck has longer than standard fork lengths and this makes it ideal for specialist applications, where a standard fork length is just not sufficient or suitable for your application.

Supplied with Polyetherane fork wheels for quieter running that offers more grip and offers better protection against damage on delicate flooring.

TUV/GS Approved and CE rated.

2000kg Capacity and Heavy Duty Construction.

Integral pump body, with all major rotating points equipped with oil free self-lubricating bearings or injection nozzles.

Single step moulding process, with fork and frames welded by robot.

We provide a nationwide 2-3 day delivery service with next day delivery available on request.
All of our products come with a twelve limited month warranty
