

4.5 METRE FULLY ELECTRIC ORDER PICKER

EOP3-4.5 is a 300kg capacity fully electric order picker with a maximum lift height of 4.5 metres, which gives a working height of up to approximately. 6.5 metres.

Electric order pickers of this style are designed for indoor operation on a flat even floor.

Safer in operation and with far less space required than manual portable steps, they are an ideal piece of machinery for companies looking for efficiency or space saving.

Charging is via a standard UK plug.

EOP3-4.5 has a maximum driving speed of 4 km/h whilst lowered, or for safety 1.5 km/h when raised.
