

LOW PROFILE MANUAL TURNTABLE

Designed specifically for pallets to be placed on the turntable by using just a hand pallet truck.

This low profile manual turntable is ideal for assisting in sealing and wrapping up palletised loads.

With a full 360 degree rotation, foot locking device and a full low profile ramp—you can simply drop the load in the centre with the use of a pallet truck.

Model	Capacity	Top inside Diameter	Top Outside Diameter	Height	Weight
MT001	1800kg	1282mm	1524mm	23mm	124kg
MT002	1800kg	1143mm	1371mm	23mm	114kg
