

PJ SERIES PLATFORM STACKER

WITH ADJUSTABLE FORKS AND REMOVABLE TOP PLATFORM

The PJ series of platform stackers features a removable top platform cover to reveal adjustable forks, giving you the option to use it for several different applications.

The platform is raised with a (collapsible) foot pump and lowered with an easily accessible sensitive controllable valve.

Expect a long service life with it's robust construction including hard chromium plated frame. 2 frame rollers and 2 braked steering rollers which ensure both smooth and simple movement.
