

500kg Static Electric Lift Platform

Model: HTFG0.5

A static electric platform with a 500kg capacity. With a lift height up to 760, it is ideal for piece work type operations - which can help prevent repetitive strain and back injuries by putting the items at a more suitable working height.

Table Top Size: 1015x610mm

Capacity: 500kg

Maximum Table Height: 760mm

Minimum Table Height: 80mm

Lifting time: 18 seconds

Lifting speed with load: 34mm / sec

Lowering speed with load: 75mm / sec

Motor: 0.75kw

3 Phase

Safety cut-off bars on all sides
